A MESSAGE FROM THE SUPERINTENDENT OF SCHOOLS

Dear Parent(s)/Guardian(s):

The middle school handbook has been developed to provide you with a variety of information. The information contained in this handbook is essential for parents and students. It is recommended that you review the handbook with your son/daughter, as it is critical that parents have an updated understanding of pertinent topics, new information and will enable the district to review continuing procedures, as well as highlight school discipline and attendance policies. With this information you should have the insight necessary to become an active partner in the educational process of your child.

Education in the Elmwood Park Schools is designed to meet the needs of the individual, but ultimately each student will gain from school according to the effort he or she applies. To increase the degree of educational success, it is imperative that teachers, parents, and administrators communicate openly and frequently concerning the progress of students.

Our schools make special efforts to create and promote good relationships between the home and school. Newsletters, parent bulletins, regular conferences, and direct contact with parents, are part of these efforts. You are encouraged to initiate your own contacts whenever necessary. You are also encouraged to become active in the parent organization, volunteer for participation on committees, and attend meetings of the board of education.

Let's work together. Your positive involvement and continued contact with the school will contribute greatly to the proper academic development of your child.

Sincerely,

Anthony Iachetti
Superintendent of Schools

FOREWORD

Dear Parent(s)/Guardian(s):

As the summer transitions into autumn, a new school year is again upon us. I would like to welcome all students, parents, and staff to the 2019-2020 school year, at Elmwood Park Memorial Middle School.

EPMMS has a very talented and devoted faculty. We believe in establishing a school environment that can meet the intellectual, social, and emotional needs of all students, while being able to distinguish the unique differences of children that make them *all* exceptional.

We would like to foster our relationships with parents, so that they too can continue to be vital stakeholders in their child's educational process. With this type of involvement, an impact can really be made together.

We are steadfast in our goal to continue to develop groundbreaking methods to assist students in grasping the multi-dimensional skills and aptitudes that will prepare them for the ever changing 21st Century that we live in.

The handbook that follows is just one of many tools that will outline policies and procedures throughout the school building and the district. In addition to this handbook, the school/district website is updated regularly to reflect any changes that occur, and/or list any other pertinent information that needs to be relayed in a timely manner.

Additionally, please feel free to contact me with any questions or concerns that may come about.

With your continued cooperation and commitment, our students will be successful!

Sincerely,

Corinne DiMartino

***ATTENDANCE AND TARDINESS**

Regular attendance is essential to a student's success in school. "Every parent, guardian, or other person having custody and control of a child shall cause the child regularly to attend the public school of the district. Such regular attendance shall be during all the days and hours that

the mental condition of the child is such that he cannot benefit from the instruction in the school or that the bodily condition of the child is such as to prevent his attendance at school.” (New Jersey Statutes Annotated 19:4-4)

Therefore, the Elmwood Park Board of Education requires attendance of all students each day school's in session.

When a student is absent from school, parent(s)/guardian(s) are required to report the child's absence by calling the Elmwood Park Memorial Middle School attendance secretary, 201-796-8700 ext. 2996 as soon as possible. When calling in, please state the child's name, grade level, and reason for being absent.

The Elmwood Park Board of Education believes excessive absences warrant administrative action.

Students are limited to a total of 14 absences. Both excused and unexcused absences count toward the total, unless absences are caused by a chronic medical problem. If a chronic medical problem exists, it must be documented and presented to the school annually prior to September 30th of each year, or within two weeks of the initial onset of the problem.

Vacation Students and Doctor Notes:

The administration and teaching staff strongly discourage the removal of students from school for purposes of vacation. In the event such absence is absolutely essential because of family commitments, be advised that any days missed count towards the 14-day absence limit. No doctor's note will be accepted after 5 school days of the student's return to school after an absence.

Tardiness – Lateness to School:

Excessive tardiness may have a detrimental effect upon the academic performance and grade of a student. When a student is tardy, the parent will report with the child to the main office for an admission slip to be presented by the student to the classroom teacher. Any student arriving to school after the late bell will be considered late. In order for a student's lateness to be considered excused, he or she must be accompanied and signed in by a parent or guardian. Phone calls will not be accepted. A total of five (5) lates to school may be excused by parental signature in the main office. The administration reserves the right to deny excused lateness for students who abuse the policy.

On the 5th unexcused, and subsequent tardies, the student will be issued a Friday ASAP detention.

Students should be in their assigned seat in their homeroom class before the 8:05 a.m. bell rings. Any student arriving to school after the late bell will be considered late. Students who arrive to school at 8:30 a.m. or later must be signed in by a parent or guardian. Phone calls will not be accepted.

In order for a student's lateness to be considered excused, he or she must be accompanied and signed in by a parent or guardian. Phone calls will not be accepted. The administration reserves the right to deny excused lateness for students who abuse the policy.

2. Late to class, five (5) minutes or more, will result in a full cut.
3. Late to class, less than five (5) minutes, will result in a T-5.

HARASSMENT, INTIMIDATION AND BULLYING 5512.01

Please see the school website (www.elmwoodparkschools.org) for the most updated version of the Harassment, Intimidation and Bullying Policy.

Policy Statement

The Board of Education prohibits acts of harassment, intimidation, or bullying of a pupil. A safe and civil environment in school is necessary for pupils to learn and achieve high academic standards. Harassment, intimidation, or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a pupil's ability to learn and a school's ability to educate its pupils in a safe and disciplined environment. Since pupils learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying.

“Harassment, intimidation, or bullying” means any gesture, any written, verbal or physical act, or any electronic communication, whether it be a single incident or a series of incidents that:

1. Is reasonably perceived as being motivated by either any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability; or
2. By any other distinguishing characteristic; and that

3. Takes place on school property, at any school-sponsored function, on a school bus, or off school grounds, that substantially disrupts or interferes with the orderly operation of the school or the rights of other pupils; and that

4. A reasonable person should know, under the circumstances, that the act(s) will have the effect of physically or emotionally harming a pupil or damaging the pupil's property, or placing a pupil in reasonable fear of physical or emotional harm to his/her person or damage to his/her property; or

5. Has the effect of insulting or demeaning any pupil or group of pupils; or

6. Creates a hostile educational environment for the pupil by interfering with a pupil's education or by severely or pervasively causing physical or emotional harm to the pupil.

“Electronic communication” means a communication transmitted by means of an electronic device, including, but not limited to: a telephone, cellular phone, computer, or pager.

Pupil Expectations

The Board expects pupils to conduct themselves in keeping with their levels of development, maturity and demonstrated capabilities with proper regard for the rights and welfare of other pupils and school staff, the educational purpose underlying all school activities and the care of school facilities and equipment consistent with the Code of Pupil Conduct.

The Board believes that standards for pupil behavior must be set cooperatively through interaction among the pupils, parents, school employees, school administrators, school volunteers, and community representatives, producing an atmosphere that encourages pupils to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for school district and community property on the part of pupils, staff, and community members.

Pupils are expected to behave in a way that creates a supportive learning environment. The Board believes the best discipline is self-imposed, and it is the responsibility of staff to use instances of violations

of the Code of Pupil Conduct as opportunities to help pupils learn to assume and accept responsibility for their behavior and the consequences of their behavior. Staff members who interact with pupils shall apply best practices designed to prevent pupil conduct problems and foster pupils' abilities to grow in self-discipline.

The Board expects that pupils will act in accordance with the pupil behavioral expectations and standards regarding harassment, intimidation, and bullying, including:

1. Pupil responsibilities (e.g., requirements for pupils to conform to reasonable standards of socially accepted behavior; respect the person, property and rights of others; obey constituted authority; and respond to those who hold that authority);

2. Appropriate recognition for positive reinforcement for good conduct, self-discipline, and good citizenship;

3. Pupil rights; and

4. Sanctions and due process for violations of the Code of Pupil Conduct.

Consequences and Appropriate Remedial Actions

The Board of Education requires its school administrators to implement procedures that ensure both the appropriate consequences and remedial responses for pupils who commit one or more acts of harassment, intimidation, or bullying, consistent with the Code of Pupil Conduct, and the consequences and remedial responses for staff members who commit one or more acts of harassment, intimidation, or bullying. The following factors, at a minimum, shall be given full consideration by school administrators in the implementation of appropriate consequences and remedial measures for each act of harassment, intimidation, or bullying by pupils. Appropriate consequences and remedial actions are those that are graded according to the severity of the offense(s), consider the developmental ages of the pupil offenders and pupils' histories of inappropriate behaviors, per the Code of Pupil Conduct and N.J.A.C. 6A:16-7.

Reporting Procedure

The Board of Education requires the Principal at each school to be responsible for receiving complaints alleging violations of this Policy. All Board members, school employees, and volunteers and contracted service providers who have contact with pupils are required to verbally report alleged violations of this Policy to the Principal or the Principal's designee on the same day when the individual witnessed or received reliable information regarding any such incident. All Board members, school employees, and volunteers and contracted service providers who have contact with pupils, also shall submit a report in writing to the Principal within two school days of the verbal report. The Principal will inform the parents of all pupils involved in alleged incidents, and, as appropriate, may discuss the availability of counseling and other intervention services. The Principal, upon receiving a verbal or written report, may take interim measures to ensure the safety, health, and welfare of all parties pending the findings of the investigation.

Pupils, parents, and visitors are encouraged to report alleged violations of this Policy to the Principal on the same day when the individual witnessed or received reliable information regarding any such incident. Pupils, parents, and visitors may report an act of harassment, intimidation, or bullying anonymously. Formal action for violations of the Code of Pupil Conduct may not be taken solely on the basis of an anonymous report.

A Board member or school employee who promptly reports an incident of harassment, intimidation, or bullying and who makes this report in compliance with the procedures set forth in this Policy, is immune from a cause of action for damages arising from any failure to remedy the reported incident.

Investigation

The Board requires a thorough and complete investigation to be conducted for each report of an alleged incident of harassment, intimidation, or bullying. The investigation shall be initiated by the Principal or the Principal's designee within one school day of the verbal report of the incident. The investigation shall be conducted by the school Anti-Bullying Specialist. The Principal may appoint additional personnel who are not

school Anti-Bullying Specialists to assist the school Anti-Bullying Specialist in the investigation.

Range of Responses to an Incident of Harassment, Intimidation, or Bullying

The Board authorizes the Principal of each school, in conjunction with the Anti-Bullying Specialist, to define the range of ways in which school staff will respond once an incident of harassment, intimidation, or bullying is confirmed, and the Superintendent shall respond to confirmed harassment, intimidation, and bullying, according to the parameters described in this Policy. The range of ways in which school staff will respond shall include an appropriate combination of counseling, support services, intervention services, and other programs. The Board recognizes that some acts of harassment, intimidation, or bullying may be isolated incidents requiring the school officials respond appropriately to the individual(s) committing the acts. Other acts may be so serious or parts of a larger pattern of harassment, intimidation, or bullying that they require a response either at the classroom, school building, or school district level or by law enforcement officials.

Consequences and appropriate remedial actions for a pupil who commits an act of harassment, intimidation, or bullying may range from positive behavioral interventions up to and including suspension or expulsion, as permitted under N.J.S.A. 18A:37-1, Discipline of Pupils and as set forth in N.J.A.C. 6A:16-7.2, Short-term Suspensions, N.J.A.C. 6A:16-7.3, Long-term Suspensions and N.J.A.C. 6A:16-7.5, Expulsions.

In considering whether a response beyond the individual level is appropriate, school officials shall consider the nature and circumstances of the act, the degree of harm, the nature and severity of the behavior, past incidences or past or continuing patterns of behavior, and the context in which the alleged incident(s) occurred. Institutional (i.e., classroom, school building, school district) responses can range from school and community surveys, to mailings, to focus groups, to adoption of research-based harassment, intimidation, or bullying prevention program models, to training for certificated and non-certificated staff, to participation of parents and other community members and organizations, to small or large group presentations for fully addressing the actions and the school's response to the actions, in the context of the acceptable pupil and staff member behavior and the

consequences of such actions, and to the involvement of law enforcement officers, including safe schools resource officers.

The district will identify a range of strategies and resources, which could include, but not be limited to, the following actions for individual victims: counseling; teacher aides; hallway and playground monitors; schedule changes; before and after school supervision; school transportation supervision; school transfers; and therapy.

Reprisal or Retaliation Prohibited

The Board prohibits a Board member, school employee, contracted service provider who has contact with pupils, school volunteer, or pupil from engaging in reprisal, retaliation, or false accusation against a victim, witness, one with reliable information, or any other person who has reliable information about an act of harassment, intimidation, or bullying or who reports an act of harassment, intimidation, or bullying. The consequence and appropriate remedial action for a person who engages in reprisal or retaliation shall be determined by the administrator after consideration of the nature, severity and circumstances of the act, in accordance with case law, Federal and State statutes and regulations and district policies and procedures.

All suspected acts of reprisal or retaliation will be taken seriously and appropriate responses will be made in accordance with the totality of the circumstances. Examples of consequences and remedial measures for pupils who engage in reprisal or retaliation are listed and described in the Consequences and Appropriate Remedial Actions section of this Policy.

Consequences and Appropriate Remedial Action for False Accusation

The Board prohibits any person from falsely accusing another as a means of retaliation or as a means of harassment, intimidation, or bullying.

Consequences and appropriate remedial action for a pupil found to have falsely accused another as a means of harassment, intimidation, or bullying or as a means of retaliation may range from positive behavioral interventions up to and including suspension or expulsion, as permitted under N.J.S.A. 18A:37-1 et seq., Discipline of Pupils and as set forth in N.J.A.C.

6A:16-7.2, Short-term Suspensions, N.J.A.C. 6A:16-7, Long-term Suspensions and N.J.A.C. 6A:16-7.5, Expulsions and those listed and described in the Consequences and Appropriate Remedial Actions section of this Policy.

Policy Publication

This Policy will be disseminated annually by the Superintendent to all school employees, contracted service providers who have contact with pupils, school volunteers, pupils, and parents who have children enrolled in a school in the district, along with a statement explaining the Policy applies to all acts of harassment, intimidation, or bullying, pursuant to N.J.S.A. 18A:37-14 that occur on school property, at school-sponsored functions, or on a school bus and, as appropriate, acts that occur off school grounds.

The Superintendent shall ensure that notice of this Policy appears in the pupil handbook and all other publications of the school district. A link to the district's Harassment, Intimidation, and Bullying Policy will be prominently displayed on the homepage of the school district's website. The district will notify pupils and parents this Harassment, Intimidation, and Bullying Policy is available on the school district's website.

SUBSTANCE ABUSE POLICY (File Code 5530)

The Board of Education recognizes that a pupil's abuse of harmful substances seriously impedes that pupil's education and threatens the welfare of the entire school community. The Board is committed to the prevention of substance abuse and the rehabilitation of substance abusers by educational means, but will take the necessary and appropriate steps to protect the school community from harm and from exposure to harmful substances. Accordingly, the Board

will establish and maintain a comprehensive substance abuse intervention, prevention, and treatment referral program in the schools of this district.

Discipline

1. Any violation of Board rules prohibiting the use, possession and/or distribution of a substance is a serious offense, and the pupil who violates a substance abuse rule will be disciplined accordingly. Repeated violations are more severe offenses and warrant stricter disciplinary measures. Pupils who violate the substance abuse rules will be disciplined as follows:
 - a. Report the incident to local law enforcement officials.
 - b. Subject to a hearing as set forth by law and Board policy, the pupil shall immediately be suspended from his/her regular school program. Such pupils will be reported to the Superintendent as prescribed in New Jersey Administrative Code and local administrative notices.
 - c. Pupils who have been suspended for drug or alcohol use/abuse shall have an evaluation made of their overall academic and social performance. This evaluation will be coordinated by the Substance Awareness Coordinator or other appropriate personnel. The process will include, but not be limited to, the use of a pupil behavior checklist. The results of this evaluation may require a further evaluation by the Child Study Team to determine a pupil's eligibility and need for special correctional programs, additional medical evaluation, referral to a substance abuse assessment agency and/or treatment program, and continued monitoring which may include random urine testing by the school staff for substance use/abuse.
 - d. A minimum out-of-school suspension of three days shall be imposed unless the pupil's cumulative suspension warrants a longer term or the pupil does not provide the required medical report indicating that he/she is physically and mentally able to return to school, or the Student Assistance Program staff or other appropriate staff has not completed its assessment, in which case the suspension shall be continued an appropriate number of days but not to exceed the second meeting of the Board of Education, at which time formal action will be taken as to whether the out-of-school suspension should be continued.

e. Repeat offenders:

(1) Second offense – A minimum of no less than that imposed after prior offense. A meeting with the Superintendent and Building Principal will be required by the pupil and parent(s) or legal guardian(s) and evaluation and treatment at an appropriate health care facility must be investigated as a means of treatment. The cost for such treatment would be the responsibility of the parent(s) or legal guardian(s).

(2) Third offense – Pupil and parent(s) or legal guardian(s) must meet with the Superintendent and Building Principal for a formal hearing regarding implementation of possible expulsion proceeding with the Board of Education. Substance awareness coordinator/guidance counselor, Child Study Team member or other appropriate personnel as designated by the Superintendent may be included.

2. Pupils suspected of possession, **selling or transferring** drugs, drug paraphernalia or alcohol on school property at school-sponsored activities will be disciplined as follows:

a. If the drug is determined by the police or other authorized specialist to be a controlled dangerous substance as defined in P.L. 1970, Chapter 228, Section 2, the pupil shall immediately be suspended from the regular school program following a hearing set forth by law and Board policy.

b. A minimum suspension of ten days shall be imposed. Such suspensions will be reported to the Superintendent as prescribed by New Jersey Administrative Code and local Board policies.

c. Pupils who have no previous record of alcohol or drug abuse may be readmitted to school at the discretion of the Principal following an in-depth conference with the pupil's parent(s) or legal guardian(s) as herein described. Such a conference may require an evaluation by the Child Study Team if the pupil has, in the opinion of the Principal, a history of behavior and/or educational problems. Such a conference may include school health, special services personnel and guidance counselors, and shall include a discussion of the danger of alcohol and drug abuse and the availability of local agencies which deal with assessment and/or referral.

d. Second offense by a pupil will result in the pupil and parent(s) or legal guardian(s) being required to meet with the Board for possible expulsion hearing according to policy.

Students are not allowed to bring food into the cafeteria from outside food vendors or have food delivered to them from the outside. (No Burger King, Taco Bell, Wendy's, etc).

***FUNDRAISING EVENTS**

A. General Information

Fundraising events are periodically held to raise money for various clubs and classes. Only activities that are approved by the board of education are acceptable. Students will receive a Fundraising

Information Sheet describing the activity. Door-to-door solicitation is prohibited unless an adult accompanies the child.

B. Community Organizations – Booster Groups

The Elmwood Park Board of Education requires all parent groups, booster groups, and other groups affiliated with the educational system to provide the board secretary/business administrator with an updated charter and/or bylaws.

Community organizations and booster groups shall keep the board of education apprised of all group activities. Each booster group shall furnish the board of education with a list of all newly elected officers.

The board of education expressly reserves the right to approve all fundraising activities that directly or indirectly involve students. The board of education shall not approve any fund-raising which could

possibly jeopardize the health, safety, or welfare of students such as the collection of funds through canvassing on public thoroughfares.

Door-to-door solicitation by students is prohibited unless accompanied by an adult. Failure to abide by the provisions of this policy could result in the cancellation of the fund-raising event by the superintendent of schools.

***GRADING**

The grading policy is as follows:

Academics

A= 90-100

B= 80-89

C= 70-79

D= 65-69

F= Below 65

Citizenship

O= Outstanding

N= Needs Improvement

S= Satisfactory

U= Unsatisfactory

All students are reminded that courses must be completed if a passing grade is to be earned. A grade of “incomplete” will not be used as a final grade, but may be given temporarily because of illness or other teacher-approved reasons for a prolonged absence.

Citizenship shall be interpreted with regard to the student’s conduct in the classroom and around the school community. Leadership, behavior, the willingness to help others, respect and overall moral character must be factors considered when entering this grade. The category is not determined by a student’s ability to complete schoolwork or to succeed academically.

***GRADUATION REQUIREMENTS – Grades 6, 7 and 8**

All sixth, seventh, and eighth grade students are expected to successfully complete the adopted program of studies for the grade. In order to be promoted to the next grade level, a student must accumulate thirty (30) credits

and achieve a passing grade in **English Language Arts, Writing Lab, Mathematics, Science, and Social Studies**. It is recommended that all failures be made up in an approved summer school program.

A student must complete all of the necessary requirements in order to participate in eighth grade graduation exercises.

***HALL BEHAVIOR**

Students are expected to keep to the right, keep voices low, and keep moving in the halls. It is important not to gather with friends, stop to talk, or stop to display affection during the passing of classes. Loitering could result in lateness to class. Courtesy is expected at all times. Except for emergencies, students may not leave the classroom the first and last five minutes of each class period.

***HEALTH SERVICES**

The nurse's hours are 8:00 a.m. to 3:15 p.m.
Telephone: 201-796-8700 (Ext. 2960)

The school nurse is located in the Nurse's Suite along the main corridor. It is open throughout the school day for problems related to health or health records. Students becoming ill or injured during the school day must notify their classroom teacher and obtain a pass to go to the nurse's office. According to state regulations, treatment by the school nurse is limited to first aid care for injuries occurring at school. Injuries incurred other than at school must be cared for at home. The school medical inspector approves the school's first aid procedures, and they are reviewed and approved by the board of education.

Whenever it is determined that a student's condition warrants leaving school, a parent, guardian or designated adult will be notified. The student must report to the attendance office to sign out of school. If the student should return to school, s/he must report to the attendance office upon his/her return. If the nurse is not available, the student should report to the main office if there is an emergency.

Crutches/Wheelchair

Any student needing the use of crutches/wheelchair within the school building must have a doctor's note stating their use. The doctor's note must be given to

the school nurse when the student arrives to school on the first day of using the crutches/wheelchair. The school nurse will review the procedures with the student to navigate within the school building in a safe manner.

Medication:

Any student who is required to take medicine during regular school hours must comply with the following school regulations:

1. Pupils requiring medication at school must have a written statement from the family physician, which identifies the type, dosage, time interval, purpose and side effects of the medication. Written permission of the parent/guardian must also accompany the medication.
2. Non-prescription drugs are not to be administered unless written permission is received from your physician, which identifies the type, dosage, time interval, purpose, and side effects of the medication. Written permission by the parent/guardian must also accompany the medication. This includes cough drops, lozenges, cold tablets, cough medications, and aspirin.
3. Medication must be given to the school nurse in the original container, which has been properly labeled by the pharmacist or physician.
4. Prescribed inhalers may be carried by the student, only if a note is supplied by the physician specifically indicating that the student may self-medicate. This note must be submitted to the nurse.

The school physician will be advised periodically of any drugs administered by the school nurse to a student attending school. No unqualified or unlicensed individual shall administer medication to any student in the school system. This is in compliance with the Nurse Practice Act (N.J.S.A. 45:11-37).

***HOME INSTRUCTION:**

Students who are expected to miss an extended period of school because of illness, accident or surgery, and whose absence will extend beyond two weeks are eligible for home instruction up to two (2) hours per week in each subject (maximum 10 hours per week).

To make arrangements for this program, the parent/guardian should provide a written request, along with a statement from the physician to the school nurse,

which indicates the general nature of the illness, the estimated duration of absence, and a statement that contagion does not exist. A parent should also contact the guidance counselor so that specific teachers and times for instruction can be finalized. The cost of home instruction is the responsibility of the school district. Home instruction will commence after final approval has been granted by the school physician.

***HOMEWORK**

Homework is an extension of classroom instruction and is a valuable learning activity. Students will receive homework on a regular basis. The frequency and amount changes from class to class; however, students will receive some type of homework each day. Along with written work, homework will include studying and review.

Students are responsible for the completion of homework and its return. Parents can be helpful by providing a quiet time and a quiet area at home for its completion.

Each student is responsible for making up all class and homework assignments missed when absent. Time allowed to make up missed work is equal to the amount of time absent.

***INSURANCE**

The Elmwood Park Board of Education has purchased, through the Bollinger Company of Montclair, New Jersey, a \$6,000,000 full-excess basis under this program while in school or participating in school-sponsored activities. There is no cost to parents for this coverage. Although this coverage is very broad, there are some restrictions, limitations, and exclusions in the policy.

In the event that medical expenses are incurred as a result of any accidental injury, the student accident policy provides “excess” coverage. In other words, the policy covers the excess over any other collectible insurance that may be in effect. The primary purpose is to pay only that portion of the medical expenses not covered by personal or group insurance that already covers the student. If there is no insurance in force, or if other insurance does not offer coverage for a particular accident, then the policy will pay benefits on a primary basis.

Claim forms may be obtained in the school office. Injuries must be reported to Bollinger within ninety (90) days of the date of the injury. It is important that the claims procedure, which appears on the claim form, is followed.

Extended 24-hour student accident insurance, life insurance, and dental accident insurance may be purchased by parents directly from Bollinger. A brochure will be sent home during September explaining your options and how to enroll, or you can obtain one in the school office.

INTERVENTION & REFERRAL SERVICES (I&RS)

The New Jersey State Board of Education has established that the primary mission of schools is to enhance student achievement of high academic standards in safe and disciplined learning environments. The effectiveness of public education in fulfilling this mission depends largely upon the capacity of school systems to respond to the diverse educational needs of students. The educational mission is made more complex by the increased incidence; prevalence and intensity of problems students bring to schools. The types of at-risk behaviors students manifest while in school include not concentrating or focusing on learning, not completing assignments, not achieving to demonstrated skill level or tested potential, declining or failing grades, cheating, absenteeism, tardiness, falling asleep, inability to stay in seat or work within structure,

decreased participation, self-defeating responses to peer pressure, deteriorating personal appearance and hygiene, erratic behavior, loss of affect, acting out, fighting, defying authority, violating rules and dropping out of school. In response to these circumstances and the attendant needs of students, Memorial Middle School utilizes a program of intervention and referral services (I&RS) to assist in the educational improvement of the individual and school community.

Per the provisions of N.J.A.C. 6A:16-7.2(a), the required functions of the coordinated system of intervention and referral services are as follows:

1. Identify learning, behavior and health difficulties of students;
2. Collect thorough information on the identified learning, behavior and health difficulties;
3. Develop and implement action plans which provide for appropriate school or community interventions or referrals to

- school and community resources, based on the collected data and desired outcomes for the identified learning, behavior and health difficulties;
4. Provide support, guidance, and professional development to school staff who identify learning, behavior and health difficulties;
 5. Provide support, guidance, and professional development to school staff who participate in each building's system for planning and providing intervention and referral services;
 6. Actively involve parents or guardians in the development and implementation of intervention and referral services action plans;
 7. Coordinate the access to and delivery of school resources and services for achieving the outcomes identified in the intervention and referral services action plans;
 8. Coordinate the services of community-based social and health provider agencies and other community resources for achieving the outcomes identified in the intervention and referral services action plans;
 9. Maintain records of all requests for assistance and all intervention and referral services action plans, according to the requirements of 34 CFR Part 98, 34 CFR Part 99, 42 CFR Part II, N.J.S.A. 18A:40A-7.1, N.J.A.C. 6A:16-3.2, and N.J.A.C. 6:3-2.1;
 10. Review and assess the effectiveness of the provisions of each intervention and referral services action plan in achieving the outcomes identified in each action plan and modify each action plan to achieve the outcomes, as appropriate; and
 11. At a minimum, annually review the intervention and referral services action plans and the actions taken as a result of the building's system of intervention and referral services and make recommendations to the principal for improving school programs and services, as appropriate.

For questions concerning the I&RS process, please contact the office of Special Services (201-796-8700 ext. 2944) or the middle school guidance department (201-796-8700 ext. 2938).

***LIABILITIES**

Liabilities are assessed during the school year for lost or stolen material, failure to return library books and vandalism. A student will not receive

Students will not be allowed to participate in extracurricular activities if they owe liabilities/fines from the previous year.

***LIBRARY / MEDIA CENTER**

Individual students coming to the Library/Media Center must bring an authorized pass. A quiet atmosphere is essential at all times. A student may be excluded for improper conduct.

Computers for student use are available upon scheduled request. A current signed computer usage agreement must be on file. Also available is equipment to use reference materials on CD-ROM.

The Library Media Center houses books, magazines, newspapers, reference materials, filmstrips, video tapes, DVDs, audio visual equipment, including projectors of various types and video recorders, TV monitors, video cameras, computers, and other materials and equipment.

Any student using a locker other than the one assigned will be subject to disciplinary action. Students will be issued locks at the beginning of the year through the homerooms and are expected to pay for lost or damaged locks at the end of the year.

Memorial Middle School is not responsible for items lost or stolen from lockers. Students are urged not to bring large amounts of money or valuables. All hats, caps, coats, outerwear, and backpacks must be able to be stored in a student's hall locker at all times.

However, it would be unwise to believe that one can make up the learning activity that occurs when one is present in class. Time allowed to make up missed work is equal to the amount of time absent, except the makeup period is not to exceed five (5) school days without the permission of the administration. Responsibility to make up work rests with the student and not the classroom teacher. Students may complete assignments within the five-day period for time missed because of actions initiated by the authorities of the school such as suspension or exclusion.

The parent/guardian will be telephoned by the building principal and/or his/her designee to state that because there is strong suspicion of alcohol and/or controlled dangerous substance abuse, the student within the next two hours must provide a urine sample for a full spectrum analysis and receive a physical examination either from a physician of the parent/guardian's choice and at the parent/guardian's expense or the school will arrange to have these done at the Fair Lawn Attention Center or at an appropriate substitute location approved by the school district immediately and at no expense to the parent/guardian. The parent/guardian should arrange to report to the school building immediately to accompany the student to the location of the test and examination. If neither parent nor guardian can be reached by telephone, then this fact will be noted for the record and the student will be driven to the Fair Lawn Attention Center, 15-01 Broadway, Fair Lawn, New Jersey 07410 or to an appropriate substitute location approved by the school district, by a school administrator accompanied by the school nurse or other member of the faculty. If the student is belligerent or resistant, than the Elmwood Park Police Department will be contacted to assist with the student's transportation. A written report of the medical

examination and screening shall be furnished to the parent/guardian of the pupil, principal, and superintendent by the examining physician within a twenty-four hour period. If the report is not submitted within twenty-four hours, the pupil shall be allowed to return to school until such time as a positive diagnosis of alcohol or other drug use is received.

NOTE: If a parent/guardian and/or student refuses to comply with the requirements for screening set forth by the board of education and administration, then the student will be judged to have made an admission and will be considered as being positive for alcohol and/or a controlled dangerous substance and will be immediately suspended out-of-school.

3. If the requested report shows that the student was under the influence of drugs or alcohol, the principal or his designee shall take the following steps:
 - a. Report the incident to the local law enforcement officials (School Resource Officer).
 - b. Subject to a hearing as set forth by the law and board policy, the pupil shall immediately be suspended from his/her regular school program. Such pupils will be reported to the superintendent as prescribed in New Jersey Administrative Code and local administrative notices.
 - c. Students who have been suspended for drug or alcohol use/abuse shall have an evaluation made of their overall academic and social performance.
 - d. A minimum out-of-school suspension of three (3) days shall be imposed unless the pupil's cumulative suspension warrants a longer term or the student does not provide the required medical report indicating that he or she is physically and mentally able to return to school, or the Student Assistance Program staff or other appropriate staff has not completed its assessment, in which case the suspension shall be continued an appropriate number of days but not to exceed the second meeting of the board of education, at which time formal action will be taken as to whether the out-of-school suspension should be continued.
